THE NEW CITY DIRECTORY

Is Being Rapidly Completed by the Maloney Co.

The new city directory is being gotten up rapidly. Mr. Kersh, the manager, informs the Telegram that he has almost completed the canvass of the business territory and that his force of men are making rapid progress with the residence information. He says the business men have become convinced that his company will give the city of Greensboro a reliable up-to-date publication and that they are rallying to his support. The advertising and subscription patronage is growing daily which insures not only a correct work, but a handsome one. Mr. Kersh says he has a few more good advertising spaces which he will offer to those who have not yet patronized him.

An All Star Aggregation.

One of the neatest lines of Oxford ties ever shown in Greensboro is now offered at Shrier's. Ordinarily it is difficult to procure a comfortable shoe under $1.50 or $2.00 as they are usually stiff and unyielding to the foot. Such is not the case with our $1.25 vici kid Oxford ties in black and colors made over the popular coin toe. These shoes are soft and flexible and guaranteed to give entire satisfaction. THE FALL OF SANTA CRUZ.

Lawton's Division Routs The Filipinos And Captures The City.

THE BATTLE RAGED WITH FURY.

Sixty-Eight Insurgents Shot Dead. Large Number Wounded—Our Loss One Killed, Six Wounded.

By Cable to THE TELEGRAM.

Manila, April 10—Lawton's division has captured Santa Cruz after a fierce battle. Sixty-eight Filipinos were found dead on the field, and forty wounded were captured, with hundreds of rifles and a large stock of ammunition. Our loss was one killed, six wounded.

Lawton's men crossed the bay in boats. Line of battle was immediately formed, after which the troops went into bivouac for the night, sleeping upon their arms. Lawton began the fight at daybreak, engaging the outposts which surrounded Santa Cruz. These were driven in with a rush after a sharp exchange of shots with the Americans. Lawton pressed his forces forward, coping with the main force of insurgents intrenched about the city. Every step of the ground was hotly contested, but our troops pushed on with resistless energy. The Filipinos made a desperate stand in their trenches, and the battle waged furiously. Part of Lawton's command succeeded in turning the flank of the enemy, when the Filipinos fled in great disorder. The flying natives were pursued through the streets of Santa Cruz, and the fighting ceased only when the city was cleared of insurgents. Strong guards were posted in every quarter of the city, after which the American army rested.

THE END NOT YET.

Manila (via Hong Kong), April 10—Although hundreds of Filipinos are daily returning to their homes desirous of resuming their peaceful occupations, and though the recent proclamation issued to them by the American Philippines Commission has given quite an impetus to movement, the war on the Islands is far from ended. One foremost American general said recently: "We will see a hundred thousand American soldiers in the Philippines before the Washington government controls the Islands." The majority of the army are of his opinion. It is generally considered that reinforcements are necessary, there not being a sufficient number of troops in the archipelago to make a conquest of the island of Luzon and hold the ports already occupied.

A majority of the United States volunteers are eager to return home, many saying they didn't enlist to fight "niggers."

The Spanish system of defending Manila by lone blockhouses may be adopted during the rainy season, as it requires fewer men than trench defences, and also lessens chances of sickness.

LAWTON IN PURSUIT.

Washington, April 10—Otis cables confirmation of the capture of Santa Cruz. He says that Lawton is pursuing the enemy to the westward.

A STITCH IN TIME

Extinguished a Fast Spreading Fire Saturday Afternoon.

A pile of trash carelessly thrown at the foot of the stairs leading to the second floor of C. M. Vanstory & Co's and the Sample Brown Mercantile Company's stores from the rear, caught fire Saturday afternoon. When discovered the trash was burning rapidly and the steps had caught. Clarence Bogart made the discovery and marched the pressing club force out in double quick order and they extinguished the flames with buckets of water. It was a narrow escape for had the flames had a few minutes more headway it is more than probable that a good part of one of the largest blocks in town would have been destroyed.

OAK RIDGE DEFEATS GUILFORD.

By a Score of 7 to 0—Some Fine Playing By Both Teams.

Oak Ridge, N. C., April 8th.

The first of a series of three games to be played between Oak Ridge Institute and Guilford College was played here today and resulted in an easy victory for the home team.

Malone and Brake were in the points for Oak Ridge and Fox, John and Faust for Guilford, both pitchers were in the verk pink of condition and each pitched a masterly game. Malone having a shade the best of it, only three singles being made off his delivery. The work of young Malone seems nothing short of phenomenal considering that the lad is but seventeen years of age, but for the last two years his work in the box for the scrubs has been promising the superb pitching ability which was in evidence today.

Fox, J. carried off the fielding honors of the Guilford team, while Foust catches shows the best hitting ability. Bennett, third baseman for Oak Ridge had a balling streak, making two doubles and a single. Holt, first baseman for Oak Ridge, has proven himself to be perfectly at home in his position and is doubtless the coming first baseman of southern schools.

The game was fast and full of "ginger" from start to finish. Not one complaint against the umpiring and all say that it was decidedly the best game ever played on these grounds.

The following is the score by innings:

Score.	R.	H.	E
Guilford.....0 0 0 0 0 0 0 0 0—0	3	3	
Oak Ridge....1 3 1 0 0 1 1 0 0—7	9	1

THE VIRGINIA SENATORSHIP

Re-Election of Senator Martin Practically Assured.

OUR RETURNING PROSPERITY.

Col. McAnerney Says We Owe It, In a Measure, To The Kindness Of The Southern Railway.

Special to the Telegram.

Washington, April 10—Several Virginia congressmen have been in the city during the past few days, and the gossip has naturally drifted to the proposed conference to be held at Richmond next month. Representative Jones, who has been prominently mentioned as a candidate for the United States senatorship to succeed Senator Martin, and who is one of the supporters of the movement for a popular primary in Virginia, was at the Metropolitan Hotel Saturday. Mr. Jones thinks that the convention proposed will be largely attended, and that it is favored by a large majority of the democratic voters of the state. Although a number of supporters happened to be in the city about the same time, nothing, so far as can be learned, in the nature of a conference has been held here upon the subject, nor any other connected with the Virginia senatorship. A number of representatives who are opposed to the popular plan of nominating the next United States senator from Virginia, including Representatives Hay and Young, were in the city during the past two days. Both of the congressmen mentioned say that they know practically nothing about the May conference. They believe that the re-election of Senator Martin is assured, and they say that in the subject of the primary, but little interest is felt in their respective districts.

Another prominent Virginia democrat who was in the city the other day was Hon. Donnolly F. Trigg. He looks upon the movement of those democrats who signed the call for the May conference as the first gun in the campaign against the re-election of Senator Martin, and he believes that to be the chief purpose of the call for the convention. In speaking upon the subject yesterday he stated that in his opinion Senator Martin will be re-elected without much difficulty. In regard to the primary, he thinks the people of Virginia will be slow to do away with the old system in favor of the new. While not expressing openly his opposition to the primary system, Mr. Trigg says that he would require a large amount of affirmative evidence infavor of the primary system, as opposed to the present plan for the election of United States senators, before changing his convictions.

Among prominent men in Washington is Col. John McAnerney, of New York City, president of the Seventh National Bank. Mr. McAnerney is an Alabamian by birth and is well known throughout the south. Formerly he was president of the Richmond and Danville Railway, and was very popular in railroad circles. He is now returning from an extended trip from Cuba, and on his way north stopped at his plantation in Florida.

In speaking of his trip the other day Col. McAnerney said that in the southern states which he has visited there is abundant evidence of returning prosperity. The Southern Railway, he says has done much towards bringing about the present healthy condition of the south, and the Colonel thinks that it will eventually become to the southern section of the country what the great Pennsylvania system is to the north. The Southern Railroad, he says, is managed with skill and liberality, and has been a tremendous factor in the upbuilding of a vast and fertile territory.

Representative Young, of Virginia, stated the other day that the contest of Dr. Wise is not attracting much interest in the district. He does not imagine that there is any great danger of his losing the seat to which he was elected by a large majority in a free and fairly conducted election.

North Carolina people say that the prospects are neither Dockery nor Pearson will be successful in their contests before the next house. Dockery especially is said to be making a most weak showing in his testimony, portions of which have been submitted to the clerk's office house of representatives.

Nacholias B. Knight has been commissioned postmaster at Layton, N. C.

Mary L. Smith has been commissioned postmaster at Atlantic, N. C.

Special service has been discontinued from Pearidge to Millspring, to take effect April 15th.

General and Mrs. Henry Browne have returned to Washington from a long stay at Holly Inn, Pinehurst, N. C. General Browne is said to be much improved in his health. At present they are stopping at 1606 K street, northwest, but will shortly occupy their own home, which is now occupied by General and Mrs. Carr.

Star service has been discontinued in North Carolina from Flatriver to Bahama, from April 15th.

STORE BREAKING LAST NIGHT.

The Wakefield Hardware Company's Store Entered And Robbed.

The Wakefield Hardware Company's store was entered and robbed last night. The thief, or more probably thieves, gained entrance by breaking a glass from the rear door and prizing off two iron bars which were put on from the inside, making an opening of about 1x2 feet. The side of the store where shelf hardware is kept was plundered and several of the more valuable items taken. Among the goods missing are: two 32 calibre pearl handle Iver Johnson revolvers, four plain revolvers of the same make, one Harrington and Richardson hammerless revolver and one pistol of cheaper grade. Two pistol holsters, about half a dozen pocket knives and between three and five dollars in cash.

Ben Hur Tonight.

At the Academy of Music tonight (Monday) Dr. Tracy will deliver his celebrated lecture, "Ben Hur, a Tale of the Christ." This lecture is illustrated by by the machines and is a literary and educational treat. The doctor has the only copy of the lecture that Harper Bros. authorized. We quote from the Raleigh Morning Post:

"Rev. Dr. W. N. Tracy closed his very interesting and successful engagement of two weeks in Raleigh last night with the production of 'Ben Hur' at the Academy—and it was soon realized that he had saved the best for the last.

"The animated pictures and colored stereopticon illustrations by which the lecturer was accompanied throughout his two hours' discourse, with General Lew Wallace's celebrated work for his text, added greatly to the interest which attaches to the lecture itself, and not one person was there in the audience, it is safe to assert, who was not charmed and instructed by the evening's entertainment."

A GHOST OF THE DEAD PAST.

Our late war with Spain may or may not have been uncalled for—our present struggle with the Filipinos perhaps is justified in the sight of man and God or may be an eminently unholy war—these are debatable questions. But both events have been productive of one pleasing effect. We refer to the indissoluble chain of union which has been welded between the sections lying north and south of Mason and Dixon's line. And the happy thing about it is that both sides were only too glad to bury the hatchet, and the recent "danger" to America was a wished-for opportunity for its consummation.

Only a short while back it was the almost invariable custom of northern newspapers to accompany almost any trivial reference to the south with some sort of unkindly slur, or an emphasis on the averse (to them) part the south played in the civil war.

But this is no longer the case. The northern papers scarcely ever refer to Dixie now without complimenting their brother Americans, and even take pains sometimes to pay us a kindness.

The following editorial squib from the Philadelphia Record is most interesting in its non-importance from its recognition by one of the best and most representative Yankee journals of the scrapping qualities of a sister southern state:

The three new battleships authorized by the fifty-fifth congress in March of the current year will be the most powerful and formidable fighting craft in the world, and Secretary Long has appropriately determined to name them after three great fighting states—Pennsylvania, New Jerey and Gerogia.

Matters are really beginning to assume a serious aspect for the farmers. The ground, by reason of the continued rains, has been in no condition to be prepared for seed, and even should the weather early moderate and the land dry out, it is feared that the soilsmen would be unable to farm successfully, as they are so far behind with their work. If the ill weather continues much longer, it is safe to predict that the farmer will suffer—and when he suffers there is suffering all along down the line.

Nicaragua, according to the latest accounts from Central America, wants to be annexed to the United States. There is no doubt that in many respects annexation would be quite advantageous to this turbulent little Republic of the Tropics; but cannot Nicaragua be persuaded to wait until this country shall have solved the problems in the Philippines, Cuba and Puerto Rico, or, at least, till the construction of the Nicaragua Canal?—Philadelphia Record.

Or, at least, till it stops raining.

"Bring the soldier-boys home!" cry the papers as if the boys had a jag on.

A Rowdy Ex-Soldier.

Officer Jordan pulled in a tough customer yesterday afternoon. He was an ex-soldier and had managed to obtain more mean Sunday corn that is prescribed for one man to swill at one time. He was at the depot and when the Charlotte train came in, tried to abuse one of the cars in which he evidently intended to ride. When the ex-Spaniard-killer tried to break down the door, the officer interfered and met with such determined resistance that he was forced to knock the drunk man down. One more blow and the fellow quietly went to the lock-up.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles, Instst vigorously on having it if "something else" is offered you. Howard Gardner.

A SMALL SPOT MAY BE CANCER.

MOST VIOLENT CASES HAVE APPEARED AT FIRST AS MERE PIMPLES.

The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many people die from Cancer simply because they do not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and dangerous operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Wm Walpole, of Walshtown, S. D., says: "A little blotch about the size of a pea came under my left eye gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S. S. S., and decided to try it. It acted like a charm. the Cancer becoming at first irritated, and then discharging very freely. This gradually grew less and then discontinued altogether, leaving a small scab which soon dropped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway." Positively the only cure for Cancer is Swift's Specific—

S. S. S. FOR THE BLOOD

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because *the blood can not be cut away.* Insist upon S. S. S.; nothing can take its place.

S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

OUR WAR WITH SPAIN.

Dr. Tracy Closes His Meeting With An Illustrated Lecture.

The following is copied from the West Chester News and will give the reader a good idea what a night with the two fine lanterns means:

Last evening's lecture was of a literary nature, his theme being "Our War With Spain." Not less than eight hundred people were in the tent. Seldom has a West Chester audience been given a finer entertainment. The doctor's descriptions are vivid and realistic. The visions of beauty thrown upon the screen by the stereopticon and the creiterioscope were surprising. For accuracy of coloring and artistic beauty this work has never been surpassed by any one who has visited our town. The scenes thrown on the screen represented Cuba and some of its principal cities and buildings, several of the vessels of the American navy, including the New York, Iowa, Indiana, Massachusetts, Illinois, Olympia, Katahdin and others. Some of the vessels were also shown in motion on the sea and one picture showed a vessel coaling while sailing at several knots an hour. A coaler was lashed along side and coal was being passed on board. Several views of Havana harbor were given and then the crew of the Maine marching at the time of their last review on land was followed by the ship at anchor in the harbor. Next came the explosion and its fearful results faithfully depicted. A vessel in a storm at sea with huge billows rising high above the decks was shown with wonderful vividness. After describing the Spanish character and the love of the people for bull fights, one of these encounters was shown on the canvas. The charges and mad thrust of the bull at men and horses in the foreground and the audience in the background could be plainly seen. Whenever blood was drawn the Spanish spectators grew excited and waved handkerchiefs which was evidently accompanied by cheering. These scenes were produced with all the vividness that more sacred and solemn scenes had been presented in the course of the preceding lectures on temperance.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. —W. A. "A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by C. E. Holton.

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what we consider the finest assortment of Form-Fitting Shoes for men and ladies, misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large cities are greater. True, the quantity is greater, but the assortment is no better, and the price is correspondingly higher, owing to the increased expense.

Kindly call on us at your earliest convenience and allow us to prove to you that these statements are true.
